Wildlife Rescue & Rehabilitation

This beautiful native Shining Cuckoo was brought into us after it had flown into a window. It was in shock but luckily had no other injuries. After some TLC, food and rest overnight it had made a full recovery and was released the next day.

With the warmer spring weather we have had an influx of wildlife and many days we take in up to 10 birds per day!

In November we took in a total of **113** birds.

Community Cat Project (CCP)

This is one of 3 little wild kittens that have come from a colony where the mother is wild and unable to be caught. These kittens are 5 weeks old which has made it possible to tame them. They are currently with one of our lovely foster parents who will be giving them plenty of attention and cuddles to turn them into happy, friendly and well socialised little kittens ready for re-homing. Before they get re-homed they will be de-sexed to prevent them from creating a situation like this in the future.

During November we have taken a total of **31** cats & kittens off the streets.

Since ARRC started this project in September 2012 we have taken a total of **943** stray / un-owned cats off the Tauranga's streets.

Adopt A Pet Programme

We love to hear about how our adopted cats and kittens are doing in their new homes. Here is one of the latest updates that we got sent from a happy family: "Hi guys, I thought I would post the latest photo of Teena my ARRC rescue kitten. She is now eight months old and such a delight. She loves string, growls at dogs that pass by the window and makes mad dashes around the place when she is excited. She keeps us in fits of laughter every day. Thank you for rescuing her and her siblings and thank you to Teena for the caring work she does."

Thank you!

A Huge Thank You! to Sherie Furniss, Tauranga Hospital & the Entertainment Book for this generous donation to ARRC which helps us to continue saving lives!

Thank You also to all the kind people out there that have donated to us. We very much appreciate every donation as we would not be able to do any of the work we do without this support from our community!
