Wildlife Rescue & Rehabilitation

This Kereru (wood pigeon) came to us as it was found disorientated from having flown into a window. Luckily there were no major injuries but it is being carefully monitored to ensure no complications arise and will hopefully make a steady recovery and be able to be released.

Community Cat Project

Sometimes we have cats/kittens brought in that are not wild but they are shy and withdrawn because of the new environment they're in and they are not used to people. It can be hard to find someone willing to give them a chance to turn into loving pets but thankfully it does happen.

This beautiful cameo & white boy is one of those cats, he is lovely, gentle and enjoys pats but doesn't initiate affection.

If you might be able to give this lovely boy a home please give our adoption home a call on 578 8335 and come meet him.

During August we have adopted out **14** cats and kittens to loving homes.

We have de-sexed **19** cats and kittens and taken a total of **23** off the streets.

Since ARRC started this project in September 2012 we have taken a total of **875** stray / un-owned cats off the streets.

Volunteers Needed!

With spring in the air we have already had some ducklings come in and it is only a matter of time before we will be inundated with baby birds and kittens. Our workload peaks between November and January, sometimes with 20 – 30 baby birds coming in per day!

We welcome any help that we can get so if you are interested in helping to foster baby birds or kittens please don't hesitate to contact us!

Thank You! To a couple of our sponsors!

We would love to take this opportunity to say a huge thank you to a couple of our many sponsors, Yellow Pages and Snap Printing! We are grateful to all of our sponsors and wouldn't be able to do what we do without them.
